Life-Saving  
CHRISTMAS Gift  
Catalogue 2017

Annet Ingabire, Rwanda

Bothar

[www.bothar.org](http://www.bothar.org)

**This Christmas, give someone the gift of hope. The gift of happiness. The gift of a future.**

Dear friend,

Give an Irish dairy cow, an Irish dairy goat, honey bees, clean water... there's so much to choose from.

The families who have already benefitted from the Bóthar programme know the difference these animals can make. But for every family that has experienced the life-changing gift, there are hundreds more waiting for the day that they will learn that their lives will be saved.

Whichever gift you choose, know that you will take a family who are just existing to living their lives again.

What an amazing gift to be able to give someone.

Happy Christmas to you.

*Dave*

Dave Moloney  
CEO, Bóthar

## USING THIS CATALOGUE

STEP  
1

Choose a gift that saves lives.

STEP  
2

Order your gift in one of 3 easy ways:

- PHONE 1850 82 99 99
- DONATE ONLINE [www.bothar.org](http://www.bothar.org)
- POST the completed form at the back of this catalogue in the freepost envelope enclosed.

STEP  
3

Make your donation and we will send you a beautiful gift card and fridge magnet to give to your friend or family member.

*Perfect stocking fillers!*

Gilbert Ngoga with his family's dairy cow.

## LIFE-CHANGING COWS

### Give an Irish dairy cow

Did you know that Bóthar's Irish dairy cows are known as life-saving animals in many parts of the world? Irish dairy cows will produce approximately 16-20 litres of nutritious milk every day, whereas, the average local cow in African countries will only give approx 4 litres of milk per day. Milk from Irish cows provides nourishment for families. They can also sell leftover milk and start to earn a small income, often for the first time.

€1,800

Gift of an Irish In-Calf Dairy Heifer

€450

Gift of a Crossbred Dairy Heifer

€50

Share of an Irish In-Calf Dairy Heifer

## THE GREAT AND MIGHTY GOAT!

### Give an Irish dairy goat

The dairy goats that we place with our poor farming families are born and bred here in Ireland. We accept donations of kid goats and volunteers raise them for us until they are old enough to travel. We transport the goats to families who have already completed training and are ready to receive them. Irish dairy goats produce 4-6 litres of milk per day, which is much more than local goats, that produce approx 1 litre of milk per day.

Irish dairy goats produce up to 4-6 litres of milk per day, which is much more than a native African goat.

€300

Gift of an Irish Dairy Goat

€75

Share of an Irish Dairy Goat

Honey has many uses - it is a source of nutrition, surplus honey can be sold at market creating an income and other products can be made using the wax.

## HONEY MAKES MONEY

### Give honey bees

They're small, but bees can make a powerful contribution to the life of a less fortunate family in Bloueberg, Dendron, South Africa. When you give the gift of bees through Bóthar, we will train the family in bee-keeping and harvesting of medicinal honey and valuable wax. Usually it is our poorest families who receive our honey bees as there is little or no cost in caring for them.

€125

**Gift of three hives of honey bees**

€45

**Share of honey bees**

## THE WATER OF LIFE

### Give a water filter

One of the many challenges in the Developing World is access to CLEAN water. The gift of a Water Filtration System will greatly improve a family's health and sanitation. Once the collected water has been filtered it is free from pollution and bacteria and is safer to drink.

Clean water is something that many of us take for granted. In the developing world, access to clean water can be the difference between life and death.

€50

**Gift of a water filtration system**

*\* Give a life-changing gift this Christmas.  
Phone 1850 82 99 99 or donate online at [www.bothar.org](http://www.bothar.org)*

## TREMENDOUS TALL TREES... Give trees

Plant a grove of fast-growing trees for needy farmers in Bangladesh, in the name of someone you love. With your help, struggling families can plant trees which enrich the soil with nitrogen, serve as windbreaks, work against soil erosion and provide fodder and fencing that will give life for generations to come.

€50

Gift of trees

.....

Climate change and regular flooding mean that trees are an important part of Bóthar's programmes throughout the world.

## GET A FAMILY OVER THE HUMP Give a camel

The gift of a camel to the Pokot tribesman in Kenya has a huge impact on their lives. Camels are tough enough to survive in drought conditions and can provide a family with protein-rich milk, butter and draught power for ploughing and farm work. Your living gift of a camel will dramatically increase a poor family's crop production and income.

€200

Gift of a dairy camel

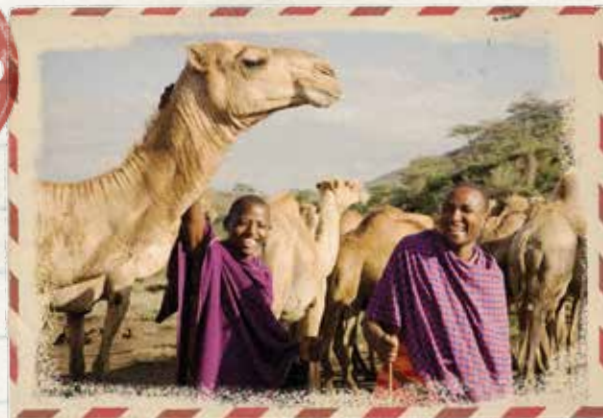

.....

€50

Share of a dairy camel

.....

\* Give a life-changing gift this Christmas.  
Phone 1850 82 99 99 or donate online at [www.bothar.org](http://www.bothar.org)

Camels are amazing animals. They can produce milk and provide ploughing power to struggling families in Kenya.

# CHANGE THE LIVES OF 17 FAMILIES FOREVER

## Give a Global Village

The Bóthar Global Village is a gift of livestock for 17 of the poorest families across the developing world. As with all Bóthar gifts, the Global Village Gift also provides each family with the training and veterinary support they need to get their mini-farms up and running and so lift themselves out of poverty forever.

€5,000

Gift of a Global Village

If one animal can do so much for just one struggling family, imagine what 17 food-and-income producing animals could do!

Maura Derrane visited Bóthar's dairy cow projects in Rwanda this Autumn. Watch her video diaries online at [www.bothar.org](http://www.bothar.org)

Pictured right is RTE's Maura Derrane milking an Irish dairy cow that was gifted to Innocent Seaman and changed his life.

"For Innocent, it's more than a part of his life. It's actually and literally been a life-line. A life-line given to him by Bóthar; moreover by the Irish people who have donated this and many other cows that are now transforming lives here in Rwanda." Maura Derrane 2017
