### Board members' report For the financial year ended 30 June 2021

The Board members (who are also directors of the charity for the purposes of the Companies Act) present their annual report together with the audited financial statements of Bóthar Company Limited by Guarantee (Bóthar CLG) (the charity) for the financial year ended 30 June 2021. The Board members confirm that the Annual Report and financial statements of the charity comply with the current statutory requirements, the requirements of the charity's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

### 1. Objectives and Activities

The mission of Bóthar is to enable families and communities worldwide to overcome hunger and poverty, specialising in improved livestock production and support-related training.

Bóthar specialises in the empowerment of poor rural communities in the developing world. Since its origins, Bóthar has focused on the provision of livestock (primarily in-calf dairy heifers and in-kid goats) and training to needy families in developing countries. These animals have been gifted by donors in Ireland, financed by fundraising activities, or passed down from previous recipients of animals. The training delivered encompasses building animal shelters, growing fodder, animal health and welfare, sustainable agricultural practices, record keeping and marketing of produce. Bóthar provides individuals with the means to solve the problems of hunger, malnutrition and poverty in a simple sustainable manner. The core purpose of Bóthar's efforts is to raise the incomes of families in project areas in a sustainable way. This enables social and economic development within disadvantaged communities. The experience of Bóthar is that livestock rearing represents a sustainable mechanism to address poverty. Over the years, the organisation has also supported integrated rural development initiatives addressing key global development issues such as climate change and women's participation and gender equality. Working with local organisations and through them, Bóthar's work has reached thousands of those most vulnerable in the developing world.

Through its fund raising in Ireland and development work abroad, Bóthar continues to provide the Irish public with an effective, straightforward method of supporting widespread sustainable economic and social development, on a small scale, at the individual family level.

Bóthar aims to create sustainable change in the communities in which it works. The sustainable nature of the Bóthar approach is best highlighted by the fact that families who receive an animal must donate the first female off-spring or the equivalent value of what they received to another family (this is fundamental to the Bóthar sustainable approach). The beneficiary becomes a donor and the benefit multiplies within the community. Bothar supports co-operatives and other groups (women's groups, community groups) in programme countries. Bóthar continues to promote and foster gender empowerment, which is key to success within the programme countries.

In Ireland, individuals donate both funds and heifers, local community groups fundraise and organise livestock for shipping overseas. On an annual basis Bóthar can have up to 60 calves/in-calf heifers on hand. While Bóthar continues to fund the care and welfare of the animals while they are in Ireland, the actual work of tending to the animals is undertaken by inmates within the prison system. The long term collaboration with our two partner prisons, Shelton Abbey and Loughan House, has proven to be beneficial to prisoners on their rehabilitation journey and this has been acknowledged through awards by the prison services.

The local community groups in the countries where Bóthar works vary from church groups to groups of neighbours who have voluntarily come together to support each other and seek solutions to their common problems. These local groups form committees which specifically deal with the Bóthar project.

### (A company limited by guarantee)

# Board members' report (continued) For the financial year ended 30 June 2021

To facilitate its international mission Bóthar is part of a community of Non-Governmental Organisations that work with livestock in development aid. Bóthar works with a number of project partners as well as local governments and communities to ensure the resources are focused on the mission. The work undertaken by these partners provides Bóthar with greater efficiencies and effectiveness in delivery, financial resources, a network of contacts on the ground in developing countries and avoids unnecessary duplication.

To all these groups and partners we must express our deep gratitude and thanks, without their support the good works could not be undertaken or continue.

### 2. Operational Review

### Whistleblower and subsequent investigations

During the financial year ended 30<sup>th</sup> June 2019 the board received correspondence from an anonymous whistleblower which expressed concern regarding inappropriate travel expenses and the failure to comply with recruitment policies within the organisation. The board appointed a director to undertake an internal review. This internal review was subsequently presented to the board and indicated that there were matters which required further enquiry. The board determined that it was appropriate that external consultants should be engaged to undertake an overall review of the financial affairs and procedures of the organisation.

In November 2019, a firm of independent consultant's was engaged by the board to commence its review, but this did not commence until February 2020. Their investigation was hindered by the onset of the Covid-19 pandemic in early 2020. They continued to undertake the investigation remotely. Arising from the Board's interim discussions with them it became apparent that they had not been receiving adequate and complete responses from the then CEO and despite various communications and instructions from the Board to the CEO, not all queries were answered adequately or information/documentation supplied by him, to them. Subsequently, doubt had arisen relating to the accuracy and reliability of some of the responses provided. The consultants issued an interim draft report to the board in July 2020 which raised additional concerns. Over the remaining course of 2020 the board pursued these matters including putting these matters to the then CEO. The board were not satisfied with the information, documentation or replies provided on the matters raised.

In November 2020 the Board placed the then CEO on suspension. He subsequently tendered his resignation in February 2021. The Board appointed an Interim CEO who had experience of the work of the company but had no previous involvement in the management or financial affairs of the company, and engaged the services of independent forensic IT and forensic accounting experts to investigate various matters of concern and, recover any deleted company data. This data was reviewed in conjunction with information which had been received from the prior reviews and further investigations. The co-relation of the data indicated and confirmed a number of serious irregularities that required immediate action.

The Charities Regulatory Authority "CRA" also appointed inspectors to carry out a statutory investigation into the affairs of charity. The Board provided significant historic data to those inspectors appointed by the regulator. In April 2021 the investigation had reached the point whereby the independent inspectors had arranged to interview a number of relevant parties, as part of their statutory investigation.

In April 2021, following legal advice, the board decided to institute injunctive proceedings against the former CEO including an application to the Courts to restrain him from diminishing his assets. These proceedings are ongoing.

### (A company limited by guarantee)

# Board members' report (continued) For the financial year ended 30 June 2021

In April 2021 the Gardaí commenced a criminal investigation following a formal complaint into irregularities at the company. The board were advised by the Regulator that they would pause their investigation pending the conclusion of the Garda investigation. The board have continued to assist the Gardaí in their investigation and continue to provide them with assistance including documentary evidence of the activities, copies of reports and such other documentary evidence and information they may require. The "CRA" announced that they were pausing their investigation pending outcomes of the criminal investigation.

The actions of the former CEO remain the subject of both criminal investigation and civil litigation which constrain the board's ability to provide further detail. The board has committed to and has effected changes in the organisational staffing and procedures to ensure the highest fiduciary standards going forward and transparency with all stakeholders on the changes made in response.

All of these processes have required substantial commitments by the board collectively and individually. In addition, there have been substantial costs involved in pursuing the various matters. These matters have damaged the reputation of the charity in the eyes of the public at large and damaged trust for loyal supporters and partners. Despite challenges faced the board have continued to carry out the mission on which the charity was originally founded throughout the period. Our ultimate priority remains to those people and communities that Bóthar has supported over the last 32 years.

### Covid-19

The advent of Covid-19 throughout 2020 and into 2021 created difficulties for the intended transport of in-calf heifers to Rwanda. Transporters could not guarantee the transfer of the in-calf heifers to the intended destination. The board were obliged to amend the intended exports. They did sanction an alternative agricultural education and support scheme for the intended beneficiaries in Rwanda and continue to support them through a partner organisation on the ground, to the current date. It was then envisaged that the livestock projects would resume when the Covid-19 threat subsided. The board approved the implementation of projects in Eastern Europe, with the animals intended for Africa as an alternative, and continue to explore ways in which our obligations to those disappointed beneficiaries can be fulfilled.

### 3. Financial Review

Income for the financial year (2020/2021) amounted to €2.2 million (a decrease over the previous years income of €1.2m) and expenditure amounted to €2.2 million (a reduction on the previous years expenditure of €1.4m).

Included in those expenditures is a charge described as Exceptional Item included in the Statement of Financial Activities in the amount of €490,878 (30th June 2020: €399,854). These amounts represent the best estimate/quantification of the attributed aggregate monetary value of the various incidences of identified alleged fraud or expenditures for which no adequate supporting documentation was provided, and were incurred during the course of the financial year ended 30th June 2021 together with the associated legal and other costs incurred in dealing with and the investigation of these matters.

In accounting for the various expenditures outlined above, they are being dealt with as required, as follows:

- a) In so far as these matters refer to the financial year ended 30th June 2021, they are reflected in these accounts.
- b) In respect of all prior years up to and including 30th June 2020 all expenditures have previously been expensed and charged against the income/reserves of that year.

### (A company limited by guarantee)

# Board members' report (continued) For the financial year ended 30 June 2021

#### 3.1 Going concern

After making appropriate enquiries, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Unrestricted Revenue Reserves at 30th June 2021 amounted to €1,279,438 and Cash at Bank on that date was €723,703. The Board subsequently cut back on the staff employed by Bóthar, in order to reduce the level of overheads and expenditures. In January 2022 a net amount of €552,280 was realised from the sale of a former office premises in Dublin and this has supplemented the liquid resources of the charity to facilitate the continuation of charitable project works.

For these reasons, the Board believe that it is appropriate that they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policy 2.2.

#### 3.2 Principal funding

Bóthar is primarily funded by charitable donations (74.4%) and legacies (15.4%), grants for charitable activities and other sources (10.2%).

### 3.3 Reserves policy

The Board Members have set a reserves policy, which requires that reserves be maintained at a level that ensures that the company's core activity could continue during a period of unforeseen difficulty. Unrestricted reserves of €1,279,438 were held at 30th June 2021 (2020: €1,290,565).

### 4. Future developments

During the upcoming period here in Ireland, Bóthar will continue to modernise the organisation's infrastructure to meet the expectations of our stakeholders, domestic and foreign, and Charities Regulator. Through our website, there will be a clear insight to Bóthar's obligations in the domains of Compliance, Governance, Accountability, Transparency and Animal Welfare with the policies available that keep Bóthar's reputation intact.

In project countries, amongst partners and beneficiaries Bóthar will continue to strengthen the focus on transparency & accountability, cost effectiveness, adding value, enhancing nutrition, gender focus, entrepreneurship and compassion.

### 5. Structure, governance and management

Significant changes have taken place in the organisation both during and since the reporting period in question, with a focus on embedding transparent financial controls and full accountability from a corporate governance perspective. On November 3rd 2020, an interim CEO was appointed by the board and an IT forensic specialist commenced an in depth investigation on November 4th, 2020. Supported by a forensic accountant, a full financial review of the charity commenced at that time, with robust controls immediately put in place.

We worked to ensure that all financial controls were examined and overhauled completely in line with the Charities Governance Code. One key control that was put in place at this time was the additional weekly check of all payments out by a board member – this control is still in place to this day. Other controls that began at that time and remain in place include board approval over payroll changes, board members on the bank mandate and the removal of petty cash from the company. In addition, the board are presented with detailed financials at our monthly board meetings and their formal approval is needed for all payments over €10,000 euro.

### (A company limited by guarantee)

## Board members' report (continued)

For the financial year ended 30 June 2021

A governance specialist worked with the board on a key body of work including updating our live risk register and ensuring that all policies and procedures were rigorously followed. In late 2021 / early 2022, a new board was recruited and appointed, using the services of Boardmatch. As a board, we are confident that the robust financial control regime which has been put in place guarantees that no fraud has occurred since November 2020, and that we are protected from any such risks going forward.

#### **5.1 Constitution**

The charity is registered as a charitable company limited by guarantee and was set up by a Memorandum of Association, which was changed to a Constitution in 2021.

The charity is registered with the Charities Regulator (number 20026592).

The principal object of the charity is to make all necessary efforts to improve and advance the economic and personal development of necessitous inhabitants of various developing countries through the provision of agricultural livestock, agricultural produce or machinery, and agricultural training, which will facilitate those beneficiaries in establishing an immediate and sustainable source of personal economic improvement, for them, their families and added benefits for their communities, into the future.

### 5.2 Method of appointment or election of Board members

The management of the charity is the responsibility of the Directors who are appointed and co-opted under the terms of the Constitution.

### 5.3 Pay rates for senior staff

As of 30th June 2021 one member of staff was in the €70,001 €80,000 salary band and two members of staff were in the €60,001-€70,000 salary band. All other members of staff were on salaries of less than €60,000.

### 5.4 Organisational structure and decision making

Bóthar is a company limited by guarantee registered in Ireland and is a registered Irish charity. The board of directors provides overall strategic guidance and direction to Bóthar while the CEO and staff have the responsibility of the day to day achievement of the strategy and delivery with the support of volunteers and partners on the ground in a number of countries. The CEO reports directly to the board submits projects, issues and plans for Board consideration and approval. The board oversees and monitors the implementation of actions. The board met on 6 occasions during the 2020/21 accounting period. There are currently six board members who are voluntary members of the board. None of the directors have had any personal interests in or benefitted from financial transactions of the charity. None of the directors have been remunerated for their service to the charity.

Bóthar has a donor charter whereby it pledges to treat all donors with respect, honesty and openness by being transparent and accountable in all aspects of business. The donor charter sets out the commitments that Bóthar makes to all donors and prospective donors.

Bóthar has reviewed its systems in order to fully comply with the requirements of the General Data Protection Regulation (GDPR) which came into effect in May 2019. Bóthar has always been mindful of donor communications preferences. The introduction of GDPR provided the stimulus for an overall review of data management practices and the assessment of areas of risk where Bóthar may have been exposed to non-compliance with GDPR requirements.

### (A company limited by guarantee)

# Board members' report (continued) For the financial year ended 30 June 2021

### 5.5 Risk management

The directors are aware of and take responsibility for the mitigation of risks associated with the operation of Bóthar. In 2021 a new risk matrix was developed and this is regularly evaluated and updated by the board. All risks have mitigating steps in place and there is an ongoing focus on high risk areas for the organisation. The main risks are identified below, however, the board are confident that adequate controls are in place to address such risks if they arise.

Reputational Risk: With the viability of the charity at stake the board have taken measures to ensure that robust financial controls and good governance are in place across the organisation, as further detailed in the future developments section above.

Lack of income: As outlined previously the organisation has streamlined various expenditures, including payroll costs, overhead and running costs and the disposal of a former office premises in Dublin. We have also ensured to claim our tax back income. Our intention is to recommence active fundraising once we have published our accounts and communicated clearly with stakeholders.

### **5.6 Reference and Administration Details**

The company is called Bóthar CLG. The Charity registration number is 20026592. The principal office of the company is located at Old Clare Street, Limerick.

The directors of Bóthar CLG who served during the reporting period are outlined below:

Mr.	Pat	Lavin
Mr.	Harry	Lawlor (Chairman) (resigned 27 October 2022)
Ms.	Sinead	Baggott (Vice-Chairperson) (resigned 29 April 2022)
Rev	Dermot	Clifford (resigned 07 April 2021)
Ms.	Helga	Morrow (resigned 26 April 2022)
Rev	Tom	Sherlock (resigned 14 June 2022)
Mr.	Thomas	Blackburne (resigned 13 August 2021)
Mr.	Thomas	Moore (resigned 28 October 2020)
		,

Day to day management of the company was delegated to Mr David Moloney, CEO during the financial year. Ms Aideen O'Leary was appointed Interim CEO after his suspension in November 2020 and has since been appointed CEO following an open and transparent recruitment process carried out by the new board members.

### 6. Health and safety

Bóthar is committed to undertaking its activities in such a way as to ensure that the health, safety and welfare at work of its employees, in so far as it is reasonably practicable. Bóthar's policy in relation to the management of health, safety and welfare is outlined in the Bóthar Safety Statement which is in accordance with Section 20 of the Safety, Health and Welfare at Work Act 2005. Bóthar management seeks to ensure ongoing compliance with legislative requirements.

### 7. Accounting records

The directors believe that they have complied with the requirements of Sections 281 to 285 of the Companies Act, 2014 regarding the keeping of accounting records by employing persons with appropriate expertise and by providing adequate resources to the financial function except with regards to certain matter of suspected fraud as referenced elsewhere in this report. The accounting records are held at the company's

### (A company limited by guarantee)

business address at Old Clare Street, Limerick.

### 8. Statement of relevant auditor information

Each of the persons who are Board members at the time when this Board members' report is approved has confirmed that:

- so far as that Board member is aware, there is no relevant audit information of which the charitable company's auditor is unaware, and
- that each Board member has taken all the steps that ought to have been taken as a Board member in order to be aware of any relevant audit information and to establish that the charitable company's auditor is aware of that information.

### 9. Auditor

The auditors, Grant Thornton, continue in office in accordance with Section 383(2) of the Companies Act 2014.

This report was approved by the Board members, on 3 July 2023 and signed on their behalf by:

Kenneth Arthur Director

Matthew Hartnett Director

(A company limited by guarantee)

### Board members' responsibilities statement

For the financial year ended 30 June 2021

The Board members are responsible for preparing the Board members' report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the Board Members to prepare financial statements for each financial year giving a true and fair view of the state of affairs of the company for each financial year. Under the law the Board Members have elected to prepare the financial statements in accordance with Irish Generally Accepted Accounting Practice in Ireland, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and promulgated by the Institute of Chartered Accountants in Ireland, Irish law, the Charities Act 2009 and "Accounting and Reporting by Charities" (SORP) (2019).

Under company law, the Board Members must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year.

In preparing these financial statements, the Board Members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The Board Members are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website.

This report was approved by the Board members, on 3 July 2023 and signed on their behalf by:

Kenneth Arthur Director

Matthew Hartnett Director

### (A company limited by guarantee)

# Independent auditor's report to the members of Bothar Company Limited by Guarantee

For the financial year ended 30 June 2021

#### **Disclaimer of opinion**

We were engaged to audit the financial statements of Bothar CLG which comprise the Statement of financial activities, Balance sheet, Statement of cash flows for the financial year ended 30 June 2021 and the related notes to the financial statements, including the summary of significant accounting policies.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and accounting standards issued by the Financial Reporting Council including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (Generally Accepted Accounting Practice in Ireland) and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

We do not express an opinion on the accompanying financial statements of the Company. Because of the significance of the matter described in the "Basis for disclaimer of opinion" paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

### **Basis for disclaimer of opinion**

Following a whistleblower disclosure, the company commenced investigations into the alleged fraudulent activities involving members of management over a number of years prior to and during the current financial year up to November 2020. We were cognisant of these circumstances when planning and executing our audit procedures. The matters referred to below, resulted in an inability to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion. The possible effects on the company's financial statements of undetected misstatements in respect of these matters, if any, could be both material and pervasive.

Included in the Statement of financial activities of Bothar CLG for the financial year ended 30 June 2021 were the following:

### 1. <u>Identified alleged fraudulent activities</u>

The financial activities statement of Bothar CLG includes an Exceptional item in the amount of €28,025 for the financial year ended 30 June 2021 (2020: €52,354). This amount has been identified as a result of various investigations as mentioned above in this section. Due to the nature of the alleged fraudulent activity, it was not possible to determine whether this amount is the full extent of the misappropriated funds during the financial year ended 30 June 2021.

### 2. Transactions with Msaada, a third party former UK registered charity

The books and records of Bothar CLG indicate grant income received in the amount of €37,980 from Msaada, and payments made to Msaada in the amount of €91,280 is classified as project development costs, for the financial year ended 30 June 2021. We note that Msaada is now deregistered as a charity in the UK. It was not possible to obtain sufficient appropriate audit evidence to substantiate the authenticity of these transactions during the financial year between Bothar CLG and Msaada.

### (A company limited by guarantee)

# Independent auditor's report to the members of Bothar Company Limited by Guarantee (Continued)

For the financial year ended 30 June 2021

### 3. Ongoing investigations

There are ongoing investigations into the various activities by the former CEOs over a substantial number of years. The actions of the former CEOs remain the subject of both criminal (Garda) investigation and civil litigation whereby the outcomes of these investigations are not known at this point. The Charity Regulator Authority has also commenced a separate investigation into these matters. The ultimate outcome of these matters cannot presently be determined and the financial statements do not include potential adjustment(s), if any, that may be required arising therefrom.

Despite full cooperation from the current Board members and the new CEO, it has not been possible to furnish us with all the information and explanations, which we consider necessary for the purposes of our audit. We were not able to perform alternative audit procedures regarding the above matters, and therefore we were unable to obtain sufficient appropriate evidence to provide a basis for an audit opinion or determine whether any adjustments or additional disclosures were necessary in the financial statements.

### Material uncertainty relating to going concern

The company has prepared cash flow projections, which indicate an ability to continue as a going concern for the foreseeable future, which the directors have assessed as twenty-four months. However, beyond that period these cash flow projections are contingent on the expansion of fundraising and future public financial support. The ability of the organisation to continue as a going concern will largely be based on the successful outcome of these factors which are referred to in note 2.2 of the financial statements. This indicates the existence of a material uncertainty which may cast significant doubt on the company's ability to continue as a going concern.

The company has prepared its financial statements on a going concern basis. The validity of the going concern assumption as stated in note 2.2 and the other matters as outlined in the Directors' report depends on the expansion of fundraising in the medium and long term and a positive outcome in this respect. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classifications of liabilities that might be necessary should the company be unable to continue in existence.

We draw attention to the "Basis of disclaimer of opinion" section of our audit report. As a result of the matters reported in this section, we are unable to conclude, and consequently we do not provide an opinion in regard to the disclosures in the Directors' report and note 2.2 to the financial statements concerning the company's ability to continue as a going concern.

### (A company limited by guarantee)

# Independent auditor's report to the members of Bothar Company Limited by Guarantee (Continued)

For the financial year ended 30 June 2021

#### Other information

Other information comprises information included in the Annual report, other than the financial statements and our auditor's report thereon. The Board members are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies in the financial statements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Except for the issues discussed in the "Basis for disclaimer of opinion" paragraph, we have nothing to report in this regard.

### Matters on which we were required to report by the Companies Act 2014

Arising from the matter referred to in the "Basis for disclaimer of opinion" paragraph above:

- we have not obtained all the information and explanations which we consider necessary for the purposes of our audit; and
- we were unable to determine whether appropriate accounting records have been kept.

Notwithstanding our Disclaimer of opinion on the financial statements,

- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the Directors' report is consistent with the financial statements. Based solely on the work undertaken in the course of our audit, in our opinion, the Directors' report has been prepared in accordance with the requirements of the Companies Act 2014.

### Matters on which we are required to report by exception

Based on our knowledge and understanding of the Company and its environment obtained in the course of the audit, subject to the impact of the matters referred to in the "Basis for disclaimer of opinion" paragraph above we have not identified material misstatements in the Directors' report.

Under the Companies Act 2014, we are required to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by sections 305 to 312 of the Act have not been made. We have no exceptions to report arising from this responsibility.

### (A company limited by guarantee)

# Independent auditor's report to the members of Bothar Company Limited by Guarantee (Continued)

For the financial year ended 30 June 2021

### Responsibilities of management and those charged with governance for the financial statements

As explained more fully in the Board members' responsibilities statement, management is responsible for the preparation of the financial statements which give a true and fair view in accordance with Generally Accepted Accounting Practice in Ireland, including FRS102), Accounting and Reporting by Charities, and for such internal control as they determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

### Responsibilities of the auditor for the audit of the financial statements

The auditor's responsibility is to conduct the audit of the financial statements in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and to issue an auditor's report. However, because of the matters described in the 'Basis for disclaimer of opinion' section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, namely the Irish Auditing and Accounting Supervisory Authority (IAASA) Ethical Standard concerning the integrity, objectivity and independence of the auditor, and the ethical pronouncements established by Chartered Accountants Ireland, applied as determined to be appropriate in the circumstances for the entity. We have fulfilled our other ethical responsibilities in accordance with these requirements.

# Independent auditor's report to the members of Bothar Company Limited by Guarantee (Continued)

For the financial year ended 30 June 2021

### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### Notes to the financial statements

For the financial year ended 30 June 2021

### 1. General information

Bóthar is a charity based at Old Clare Street, Limerick and is registered in the Republic of Ireland and it has a company registration number of 178045 and charity registration number of 20026592. The primary activities of the charity involve specialising in the provision (primarily in calf-dairy heifers and in-kid goats) and training to needy families in developing countries.

### 2. Accounting policies

### 2.1 Basis of preparation of financial statements

The financial statements have been prepared on a going concern basis, under the historical cost convention unless otherwise noted in the accounting policies below. They have been prepared in accordance with the accounting standards issued by the Financial Reporting Council, including FRS102 "The Financial Reporting Standard Applicable in the UK and Republic of Ireland" ("FRS102") (effective 1 January 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2014.

Bothar CLG meets the definition of a public benefit entity under FRS 102.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Charity's accounting policies.

The financial statements are presented in Euro (€) under the historical cost convention.

### Notes to the financial statements

For the financial year ended 30 June 2021

### 2. Accounting policies (continued)

### 2.2 Going concern

The organisation has incurred substantial costs in bringing the matter to this stage, including external investigation, forensic reports on both accounting records, information technology and legal costs. Insofar as the board are aware of costs associated with these matters, either incurred or are anticipated to be incurred into the future, to conclude these matters, provision has been made in these accounts in respect of those actual or potential liabilities.

While provision has been made for actual or estimated potential costs associated with the ongoing investigations, it is not possible to determine reliably the eventual total costs with certainty. In so far as those actions may/might lead to recovery of funds, no such recovery has been anticipated or included in these accounts.

The board has prepared cash flow projections, for a future period of 24 months which indicate an ability to continue as a going concern for the foreseeable future. In common with similar charities the organisation is dependant on continued support from the public, both in terms of monetary and in this instance livestock donations. The board had projected certain income through 2023 and in the first 6 months of 2023, this level projected has been on target. Based on funding commitments from support groups the board had assessed that the remaining projected income will materialise for remaining portion of 2023 and going forward. A year on year income analysis for the last complete 6 month period shows an increase of 148% as Bóthar's H2 income rose to €446,375 in 2022, up from €179,653 in 2021. The 2022 figure includes tax back income of €184,172. Income aside from tax back saw an increase of 46% and the board are confident in Bóthar's ability to maintain and grow income levels.

The board have subsequently disposed of an office premises held by the company, together with investment shares held previously, to defer those costs and thereby secure the continuance of the company. The board have in addition undertaken remedial action within the company, including reductions in payroll costs, overhead and running costs, within the organisation.

In addition to our financial analysis of the organisation there are key organisational factors which bolster the board's confidence in Bóthar's ability to continue into the future. The need for our mission and our proven ability to carry out that mission has not faltered over the last number of years. We have a well-established new board of trustees who have stepped up and are engaging openly with all key stakeholders, from the CRA to donor support groups. We have sought and received positive feedback from stakeholders as we have committed to openly and transparently communicating at all times. Our experience at the ploughing championship was a positive one and we look forward to returning in September 2023. As we move forward we reiterate our gratefulness to past donors as well as our focus on the mission and our commitment to transparent communications with all stakeholders.

### (A company limited by guarantee)

### Notes to the financial statements

### For the financial year ended 30 June 2021

### 2. Accounting policies (continued)

### 2.3 Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

The recognition of income from legacies is dependent on establishing entitlement, the probability of receipt and the ability to estimate with sufficient accuracy the amount receivable. Evidence of entitlement to a legacy exists when the charity has sufficient evidence that a gift has been left to them (through knowledge of the existence of a valid will and the death of the benefactor) and the executor is satisfied that the property in question will not be required to satisfy claims in the estate. Receipt of a legacy must be recognised when it is probable that it will be received and the fair value of the amount receivable, which will generally be the expected cash amount to be distributed to the charity, can be reliably measured.

Gifts in kind donated for distribution are included at valuation and recognised as income when they are distributed to the projects.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

Other income is recognised in the period in which it is receivable and to the extent the goods have been provided or on completion of the service.

Income from government and other grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred. Deferred grant income and grants debtors arising at the financial year-end are recorded in the Balance Sheet in line with grant performance conditions.

Public donations are recognised on formal notification to the charity, when the charity has control of the funds and the donation amount can be measured reliably. Donations are made on a voluntary basis without specific obligations and may be used for any purpose of the charity (unrestricted funds) unless otherwise advised.

On receipt, donated professional services and facilities are recognised on the basis of the value of the gift to the charity which is the amount it would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Investment income is included when receivable.

(A company limited by guarantee)

### Notes to the financial statements

For the financial year ended 30 June 2021

### 2. Accounting policies (continued)

### 2.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. The charity has determined this allocation on the basis of direct costs incurred per activity.

Expenditure on raising funds includes all expenditure incurred by the charity to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

Expenditure on charitable activities is incurred on directly undertaking the activities which further the charity's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management carried out at Headquarters.

### 2.5 Foreign currencies

### Functional and presentation currency

The Charity's functional and presentational currency is Euros.

### Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate.

Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of financial activities except when deferred in other comprehensive income as qualifying cash flow hedges.

### (A company limited by guarantee)

### Notes to the financial statements

### For the financial year ended 30 June 2021

### 2. Accounting policies (continued)

### 2.6 Tangible fixed assets and depreciation

Tangible fixed assets are capitalised and recognised when future economic benefits are probable and the cost or value of the asset can be measured reliably.

Tangible fixed assets are initially recognised at cost. After recognition, under the cost model, tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring a tangible fixed asset into its intended working condition should be included in the measurement of cost.

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following bases:

Freehold property - 2% straight line
Plant and machinery - 20% straight line
Motor vehicles - 20% straight line
Fixtures, fittings and office - 15% straight line

equipment

Computer equipment - 25% straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

### 2.7 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless the value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and presented as 'Gains/(Losses) on investments' in the Statement of financial activities.

#### 2.8 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

### 2.9 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

### 2.10 Creditors

Trade and other creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

(A company limited by guarantee)

### Notes to the financial statements

For the financial year ended 30 June 2021

### 2. Accounting policies (continued)

### 2.11 Liabilities and provisions

Liabilities and provisions are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the charity anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of financial activities as a finance cost.

### 2.12 Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

### 2.13 Pensions

The charity operates a defined contribution pension scheme and the pension charge represents the amounts payable by the charity to the fund in respect of the financial year.

### 2.14 Holiday pay provision

A liability is recognised to the extent of any unused holiday pay entitlement which is accrued at the Balance sheet date and carried forward to future periods. This is measured at the undiscounted salary cost of the future holiday entitlement so accrued at the Balance sheet date.

### 2.15 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Board members in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by doners or which have been raised by the charity for particular purposes. The costs of raising adminsitering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

### Notes to the financial statements

### For the financial year ended 30 June 2021

### 3. Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

### Useful Lives of Tangible Fixed Assets

Long lived assets comprising primarily of property represent a significant portion of total assets. The annual depreciation charge depends primarily on the estimated lives of each type of asset and, in certain circumstances, estimates of residual values. The board members regularly review these useful lives and change them if necessary to reflect current conditions. In determining these useful lives management consider technological change, patterns of consumption, physical condition and expected economic utilisation of the assets. Changes in the useful lives can have a significant impact on the depreciation charge for the financial year. The net book value of Tangible Fixed Assets subject to depreciation at the financial year end date was €343,628 (2020: €347,275).

### Adoption of going concern basis for financial statements preparation

The directors have prepared budgets and cash flows for a period of at least twenty four months from the date of the approval of the financial statements which demonstrates the company's ability to meet its liabilities as they fall due, and to continue as a going concern. On this basis the directors consider it appropriate to prepare the financial statements on a going concern basis. Accordingly, these financial statements do not include any adjustments to the carrying amounts and classification of assets and liabilities that may arise if the company was unable to continue as a going concern.

### Notes to the financial statements

### For the financial year ended 30 June 2021

### 4. Income from donations and legacies

	Unrestricted funds 2021 €	Total funds 2021 €	Total funds 2020 €

	(48,507)	(48,507)	75,432

All other income in 2020 was unrestricted.

### Notes to the financial statements

### For the financial year ended 30 June 2021

### 9. Exceptional item

An Exceptional Charge has been included in the Statement of financial activities, as set out in Page 15 of the accounts, as follows:

1	Unrestricted funds 2021 €	Total funds 2021 €	Total funds 2020 €
Identified alleged fraud	28,025	28,025	52,354
Legal and other costs	462,853	462,853	347,500
	490,878	490,878	399,854

The charge in respect of the Exceptional Item reflects the directors' value attributed to the various identified alleged fraudulent activities and expenditures incurred for which adequate supporting documentation or explanations were not provided which were identified and occurred in those accounting years together with the associated legal and other costs incurred in dealing with the investigation of these matters. The directors are advised that in accordance with accounting requirements the overall value of these activities identified in respect of the year being reported on should only be charged in that year.

These amounts do not reflect the full extent of what the directors believe to be the value of the alleged fraudulent activities, which is also described in more detail in the directors' report. The directors are further advised that to the extent that such activities occurred in earlier years they have already been charged against the financial results of those years.

### Notes to the financial statements
